

Amazon Project Questionnaire

1. Have you previously submitted samples for testing with Dyad Labs?
 - a. NO: See the attached “Dyad Labs Customer Information Request” form.
 - b. YES: Proceed to point 2
2. If the product you want to have tested a powder or liquid, then proceed to point 4.
3. If the product is a bar or a gummy product and the ingredients are botanical in nature and cannot be tested by traditional methods, then we are not able to perform this service at this time.
4. Scope of Project: How many product CoAs per product batch will need to be generated? _____
(\$100 per additional generated COA for the same batch)

Checklist: Please provide copies of the below items:

- ☐ Dyad Labs Customer Information Request Form (if new client)
- ☐ Finished Product Specification
- ☐ Batch Records (Blending Discharge, Blending Discharge Table and Blending Yields)
 - Input weights of each ingredient + run total weight must be clearly visible.
- ☐ Picture of product (Lot # and Supplement Table)
- ☐ Deviation documentation (if applicable)
- ☐ Manufacture + Expiration date (if applicable)
- ☐ Submission form, “Dyad Amazon Project Submission Form” filled out to completion.
 - Please enter information to appear EXACTLY as it should on COA.

Pricing:

1. \$100 per “BY INPUT” test line, plus the cost of each additional quantitative in-house testable ingredient for 14 business day turnaround time (standard).
2. **Rush services: *Requires Dyad Labs approval***
 - a. Rush Service (upon approval) – 7 business days with 200.00\$ per “BY INPUT” line plus costs of the in-house quantitative testing.
