

Import & Export Services

Import & Export Services

Our Import and Export Services are here to assist you in this endeavor. We not only ensure that your products are accurately labeled, but our experts will also keep you well-informed about any food safety-related concerns that may impact the suppliers you rely on for raw materials or finished goods.

Services	
Labeling Compliance	Our Labeling Compliance & Nutrition Services department's experts are dedicated to assisting our customers in ensuring that their food and nutrition labels are fully compliant with the required standards.
FDA Detention Services	Our team is highly regarded for its scientific expertise and meticulous packet submission. We take pride in our track record of successfully submitting thousands of packets to the FDA without any rejections.
Foreign Supplier Verification Programs	Our experts can help ensure that your foreign suppliers' products meets all domestic regulations and expectations.
Food Safety Software	Our digital tools and software allow you to stay up-to-date on all new regulations, food fraud alerts, limits, and more. Learn more and see which solution is the best fit for you.
